

ROME **4/6**  
FEBRUARY **2026**

## CALL FOR CLINICAL CASES

The Course Directors and Co-Directors invite you to participate to this Congress by submitting your scientific **clinical case of particular interest and didactic value**. Please read the following guidelines carefully.

Clinical case submission is possible only through the on-line system available in the Congress website; cases submitted by e-mail, fax or post **will not be accepted**. The clinical case will remain on-line for the author review until the submission deadline.

Besides the technical performance, rational, clinical implications, perspectives and suggestions will be considered and evaluated. A brief introduction and discussion inputs must also be included in the clinical case.

The presenting author of a clinical case must be registered in the Congress.

**Submit your case for a chance to win JIM, SCAI, and TCT awards at JIM GISE 2026! 🌟 ⌚**

### GUIDELINES TO SUBMIT YOUR CLINICAL CASE

#### 1) Clinical case PowerPoint presentation:

- Should **not exceed 50 MB**
- Should be submitted in **English** only
- Images, tables, figures (.jpg format only) and videos should be embedded in the .PPT presentation
- **Max 10 slides** are allowed
- Topics: **CHALLENGING SCENARIOS IN INTERVENTIONAL CARDIOLOGY** or **COMPLICATIONS IN INTERVENTIONAL CARDIOLOGY** - (both **CORONARY** and **VALVULAR INTERVENTIONS** will be accepted)

#### 2) Preparation of short description of the clinical case in the word file (.doc or .docx extension only)

The brief description in Word should only summarize the clinical case prepared in PowerPoint; **should not exceed 400 words** (excluding spaces).

For your short description please use the template available [here](#) or in the online submission system.

The following **sub-division of your short description is mandatory**:

- Rationale**
- Technical resolution**
- Clinical Implications and perspectives**

**Please note: clinical case title, authors and affiliations should NOT be typed in the word file.**

Abbreviations are not allowed in the title and, if used in the text, they must be preceded by the full name the first time they appear.

Presentation details will be sent only to the presenting author after the clinical case acceptance.

**DEADLINE CALL FOR CLINICAL CASES**  
**22 September 2025**

For any question about the submission, please contact [casesjimgise@oic.it](mailto:casesjimgise@oic.it)
